3. A player must be an amateur lady golfer with a current GA Handicap and can only play pennants for one WGI affiliated club of which she is a financial member.
4. **MATCH PLAY INDEX:**  
The WGI Committee strongly recommends that each club has its own Match Play Index for inter-club competitions and not use the universal index unless this is closely aligned to the course.     - \* Silver:
      - (i) If a club does not have a team in Gold, then, in each round, one player only, with a GA Handicap less than 17.0, may play in the Silver Team, using her current GA Handicap (to calculate her Daily H'cap).
      - (ii) If a player has played at least one match in a team and her GA Handicap reduces below 17.0, then she is still eligible to play in that team, but she must use her current GA Handicap (to calculate her Daily Handicap).
      - (iii) In relation to (i) and (ii) above, the overall maximum is one player, with GA H'cap less than 17.0, who may play in a team in each round.
      - (iv) In each round, a team may include a maximum of two players whose GA Handicaps are greater than 30.0, but they must use the upper limit 30.0 GA Handicap (to calculate their Daily Handicaps).

\* Bronze:

- (i) If a club nominates one team only in the Pennant competitions and that team is in the Bronze Pennant, then one player only with a GA Handicap less than 25.0 may play in the Bronze team, in each round, using her current GA Handicap (to calculate her Daily Handicap).
  - (ii) If a player has played at least one match in a team and her GA Handicap reduces below 25.0, then she is still eligible to play in that team, but she must use her current GA Handicap (to calculate her Daily Handicap).
  - (iii) In relation to (i) and (ii) above, the overall maximum is one player, with a GA Handicap less than 25.0, who may play in a team in each round.
  - (iv) The maximum Daily Handicap allowed in WGI Pennant competitions on any course is restricted to 45.
- (f) Once a player has played in a match she is not eligible to play in any other Gold, Silver or Bronze team in that season.
  - (g) If, in a round, a team plays more players outside the handicap limits, than is permitted under these Terms, then the lower positioned player of these players will be deemed ineligible.
  - (h) Using these guidelines, clubs are invited to nominate teams for each Pennant competition. Nomination forms are emailed to clubs in September and need to be returned to the Pennant Coordinator 2 weeks prior to the WGI AGM in October each year.

6. SCHEDULING OF MATCHES:

- (a) Where there is an odd number of teams in a competition, each team will play every other team once and will have a bye when hosting a round.
- (b) Where there is an even number of teams in the draw, each team will play every other team once but must also play when hosting a round.  
The winning team from the previous year will not host nor play a hosting team. Where there are two groups in the draw with even numbers involved, the teams in the final in the previous year will be placed in separate groups and will not host nor play a hosting team.

7. MATCHES

- (a) Shall be played on Mondays, on fixed dates as per the draw.
- (b) Shall commence at times and tees indicated on the draw.  
It is the responsibility of the Host Club to act as a marshal at the tee, ensuring times are adhered to as per the draw.
- (c) Shall be played in pairs only.

8. ORDER of PLAY:

Players shall play in descending Daily Handicap order. That is, the player with the highest Daily Handicap shall play first and the others follow in descending order i.e. No. 5 to no. 1

- (a) Formal lists will be supplied by the Pennant Coordinator and all information on these lists to be completed by the Team Captains - players' names, GA Handicaps, Daily Handicaps and Golf Link numbers.
- (b) At least 15 minutes before each match, Team Captains shall simultaneously

exchange their lists in Daily Handicap order. Players on the same Daily Handicap may play in any order. At the same time, the Host Official must be given a copy of the list of players as above. After the lists have been exchanged, no substitutes will be permitted and these lists can only be altered to list players in correct Daily Handicap order.

- (c) If a player plays out of Daily Handicap order the opposing team shall claim that individual match. Other matches may also be claimed, depending on the effect of the incorrect handicap on the playing order.
- (d) If a player who is ineligible is played, that player only will be disqualified from her individual match, but no other individual match will be affected. If a player, whose GA Handicap means she is eligible to play, but she plays off an incorrect higher Daily Handicap, then that player only will be disqualified from her individual match, but no other individual match will be affected.
- (e) If a player becomes unavailable to play after exchange of team lists, she is disqualified, in accordance with R&A Rule 5.3a. Hence, her opponent wins the match. Subsequent matches continue as per the list.

(f) Late to the Tee:

If a player arrives at her starting tee, ready to play, within 5 minutes after her starting time, the penalty for failing to start on time is loss of the first hole (R&A Rule 5.3a).

Any later than 5 minutes, then the penalty for breach of this Rule is disqualification. When a late player is disqualified, the opposing player wins that individual match.

Subsequent matches continue as per the list.

Players should leave sufficient time to allow for unforeseen circumstances while travelling to matches. The following are generally not valid reasons for waiving the penalty of disqualification under R&A Rule 5.3a:

getting lost, heavy traffic, misreading the draw or starting times.

However, there is no hard-and-fast rule. The proper action depends on the circumstances in each case and must be left to the determination of the Committee.

If it is believed that exceptional circumstances result in a player not being able to tee off at her allotted time, then the following matches may tee off in the previously agreed handicap order. If the player is still not available to tee off five (5) minutes after the last match, then the opposing team claims that individual match. The results of other matches will not be affected.

## 9. FORFEITS:

- (a) In Gold & Silver, a team must play if three players can be fielded so as not to give its opponent a walkover. These three players must play in positions 1, 2 and 3. (and 4 in the case of a 5-player team with one forfeit). In Bronze, a team must play if two players can be fielded so as not to give its opponent a walkover. These two players must play in positions 1 and 2.

If a club is unable to field a full team, the WGI Pennant Coordinator and the opposing Team/Club Captain must be notified as soon as possible that the team shall consist of a certain number of players and the team must forfeit the last place or places. Forfeits begin at the no. 5 position.

The 2 Team Captains involved must provide the name of their player (plus Golf Link number) who is giving or receiving the forfeit on the Team List for the Host official. These players are listed with their teams on Golf Box programme with 10 & 8 result.

- (b) A forfeit, once officially notified, cannot be recalled.
  - (c) The player receiving the forfeit is not required to arrive at the course.
  - (d) If one club gives another a walkover, the former shall forfeit all points gained and thus scratch from the inter-club competition for the season. In addition, the offending club must show cause why the club should be permitted to field a team in that competition in the following season. All points gained by the opposing teams against this offending team shall be cancelled. Subject to Term 9 (e) below.
  - (e) If the walkover was caused by circumstances outside of the offending teams' control, then that Club may lodge an appeal, in writing by email, to the WGI Pennant Coordinator, within 48 hrs who, in turn, will present it to the WGI Match Committee for an extent of Term 9 (d). If found to be justified, points will be shared.
  - (f) The Host Club Lady President should be given sufficient notice of the reduced number of players at lunch.
10. COMMUNICATION:  
The Pennant Coordinator will provide a list of phone numbers (mobile numbers preferable) for Team Captains, Club Captains & Presidents before the first round of matches. This will ensure prompt communication between teams, when it is necessary.
11. Teams drawn first have the honour at the starting tee.
12. All matches shall finish after a maximum of 18 holes has been played, except in Finals when play must continue until a result is known.
13. All rounds of all Pennant competitions must be completed by all teams without exception.
14. HALVE a HOLE or a MATCH  
An agreement to halve a hole being played is permissible. However, if the players agree to consider a hole halved without either player making a stroke, they will be disqualified. R&A Rules 1.3b (1) and 3.2a (2).
15. CONCESSION of opponent's next stroke, hole or match - see R&A Rule 3.2b
16. CADDIES are not permitted.
17. MOTORISED TRANSPORT is permitted providing host club conditions are met.
18. DISTANCE MEASURING DEVICES  
During Pennant competitions (irrespective of any Local Rule that may or may not be in effect at the Host Club) a player may obtain distance information by use of a distance-measuring device. If, during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect her play

(e.g. elevation changes, wind speed at the course), the player is in breach of R&A Rule 4.3, for which the penalty is loss of hole.

A mobile phone may be used as a distance-measuring device if it conforms to this Rule and the phone communication facility of this mobile phone is turned off.

#### 19. MOBILE PHONES

Mobile phones, if not used as a distance-measuring device (see above), should be turned off while on the course and only used for an emergency outgoing call.

However, a player who has a medical or other serious reason to have her mobile phone switched on, must request approval of the Team Captains and her opponent for the phone to be turned on in silent mode and used in such an emergency.

The penalty for a breach of this Term of the Competition is:

- (a) Accidental ringing of phone - warning for the 1<sup>st</sup> offence. For a 2<sup>nd</sup> offence - opponent could advise the player that she intends to make a claim to the WGI Match Committee and this could result in disqualification as per R&A Rule 1.2.
- (b) Deliberate act causing distraction - opponent could advise the player that she intends to make a claim to the WGI Match Committee and this could result in disqualification as per R&A Rule 1.2.

#### 20. ADVERSE WEATHER CONDITIONS

- (a) Every effort should be made to play the matches on the scheduled day & time.
- (b) In adverse weather conditions, the Host Club Committee may decide to cancel play if the previous day's weather forecast, after 4.30pm on [www.bom.gov.au](http://www.bom.gov.au) for the day of play, indicates unplayable or unsafe weather conditions i.e. torrential rain, high winds, storm activity. If, prior to the day of play, the Host Club Committee is aware that matches are most likely to proceed but motorised transport shall not be allowed (whether club hire or personal), then the participating clubs should be notified as soon as this is definite.
- (c) No matches will be rescheduled (except if Playoff or Final). If weather/course conditions necessitate the cancellation of any match on the day by the Host Club Committee, then no points will be allocated for any match played that day on that course. This applies whether the abandonment of play occurs before play starts or after play starts or after some matches have been completed. The WGI Pennant Coordinator must be consulted. Players should wait a maximum time of one hour to allow either the course to be re-opened or play to be officially abandoned. Please see Rule 5.7 regarding suspension of play.
- (d) This regulation does not interfere with a player's right to discontinue play if she believes there is a danger from lightning (refer R&A Rule 5.7a). If play is suspended due to lightning, then a resumption should occur when it is safe to do so.

If the temperature forecast on [www.bom.gov.au](http://www.bom.gov.au) for the following day's pennant matches is greater than 36 degrees, then the WGI Match Committee will cancel the day's play and no points will be allocated.

If heat conditions increase during play above those forecast, the Host Club, in consultation with the WGI Pennant Coordinator (or, if unable to contact, then any
